ABOUT US

MERINT GROUP with operations around the globe, is one of the market leaders in the delivery of customized solutions in the interior fit out, glass, construction, property development and nuclear medicine industry. Merint started its operation in the UAE over three and half decades ago, and has a firm foot in the entire region with its unquestionable financial stability. In the words of the Founder cum Chairman of the Group, Mr. Manekia, "Merint has built a hard earned reputation as it has steadfastly held firm to its impeccable belief systems and work culture, building a brand that stands for world class quality and service"

MERINT CONTRACTING LLC established in the year 2004 is one of the flagship companies of the Group and has quickly earned a well deserved reputation as one of the most reliable and professionally managed contractors in the Interior Fit Out & Glazing Industry in the entire GCC region.

The Company has established a strong presence in its core business areas by directing its efforts towards providing customer centric and customized solutions with special emphasis to quality, in addition to its ability to handle critical and specific client needs. Leveraging its expertise in Interior Fit Out industry, Merint Group has established its own MEP division and is able to provide turnkey solutions, in the most effective and efficient manner.

Merint's highly motivated and veteran team of Managers, Designers, Engineers, Staff and Craftsmen augment Merint's Mission and Values to meet the requirements its stakeholders.

Merint's mission, values, seamless completion of projects and on time delivery sets it apart. Merint likes to be reliably different!

WE CARE

Safety Training Communication

- Supervisors and workers understand the company's safety policy and procedures and hazards associated with the works.
- Training is provided to workers when they arrive on the site in the form of informal lectures on the safe usage of tools, other equipment and the necessity of using personal protective equipment. The training covers the company and projects safety policies and safety regulations.
- Tool Box talks are also held weekly on the sites to refresh memories on safe handling of various tools used in the industry.
- Site Foreman and Storekeepers are sent for First Aid/Fire fighting courses to keep them updated. These trained persons then communicate the knowledge gained by them to the other employees.
- Films on safety are screened in the labour accommodation.
- Posters imparting the message of safety are put up in accommodation areas and in the pickup transport provided for workmen.
- Notice boards are put up on all sites with the safety regulations on them.

SAFETY PLAN

Pocket Safety Handbooks are given in each site which includes information on:

- A "Blacks Museum" showing photographs of hazardous areas, accident victims and unsafe situations, damaged tools and protective equipment to be exhibited.
- Safety helmets to be worn by all personnel on site.
- Training courses organized by Ministry of Health.
- Footwear to have adequate hard sole so as to provide sufficient protection.
- Safety belts, goggles and masks are provided to all workers to use when required.
- Edge protection to all slabs by the erection of a safety barrier. When safety barriers not feasible, personnel must wear a safety harness at all times.
- Electricity supplied throughout the site to be connected through the circuit breakers in the main distribution board and to comply with DEWA regulations.
- Hoarding: To restrict the entry of any unauthorized personnel the site to be surrounded by suitable hoarding. The entry and exit gates to be closed and padlocked during non – working hours.
- Edge protection around excavations to be given by MERINT as deemed sufficient by the project manager
- Protection of buildings and public outside the building area to be given by MERINT deemed necessary and to comply with any municipality regulation.
- MERINT to provide full time personnel on site suitably trained in elementary aid.
- *A first aid box is present all times on site with contents of:*
 - Panadol
 - Deep Heat
 - Tinture Iodine
 - Tinture Benzonie
 - Burnol
 - Cut band
 - Lotiondettol
 - Cotton
 - Rikocut spray
 - Salt tablets
 - Scissors
 - Vicks vaporub
- The MERINT safety officer make regular checks of the site with respect to his own personnel as well as those of the sub contractor/s, if any.

OUR EXPERTISE

OUR QUALITY POLICY

“Quality is never an accident; it is always the result of high intention, sincere effort, intelligent direction and skilful execution; it represents the wise choice of many alternatives” – William A.Foster

Merint constantly strives to adhere to best quality standards. The Strict Quality checks by the Quality inspectors during each stage of work in progress, ensures that there is no compromise and Merint is thus able to surpass the expectations of the client.

The methods and practices adopted are developed after a very critical study of responses from architects, designers, suppliers and end users for years. Our operations are driven to handle queries, critical situations, feedbacks and challenges in an efficient and effective manner.

Merint’s responsive approach ensures quick turn around to customer enquires/orders leading to great customer satisfaction.

Merint Interiors is the prestigious winner of the **‘MOST REFERRED CONTRACTOR’** award from Dubai Mall.

MERINT INTERIORS - GLASS FACTORY

Merint Interiors has its own Glass factory, which is fully equipped with advanced tools & machineries, having sufficient capacity, to cater to in-house projects and also provide services to other external processors.
